

acp The Orange County ACP Presents Shift Happens - Secure Your Space

**DARE
to prepare**

2007 Earthquake Readiness Campaign

Earthquake professionals, business, and community leaders, emergency managers, and others have joined together to organize **Dare to Prepare**, a year-long earthquake readiness campaign to raise earthquake awareness and encourage earthquake readiness in Southern California. The campaign is supported with funding from federal, state, and local partners.

daretoprepare.org

Acknowledging that "**Shift Happens**", the main message of the Dare to Prepare campaign is that if you "**Secure Your Space**" you can protect yourself, your family, and your property.

WHY NOW? 2007 is the 150th anniversary of the last great San Andreas earthquake in Southern California; a magnitude 7.9 earthquake that shook the entire region. Prominent scientists are nervous about the potential for another great earthquake on the San Andreas fault. Their concern is shared by emergency managers and others, who fear major loss of life and property unless we each take action now to be ready.

Earthquake Country Alliance
We're all in this together.

The Earthquake Country Alliance is a public-private partnership of leading earthquake professionals, emergency managers, government officials, business and community leaders, and others, led by Dr. Lucy Jones (United States Geological Survey), Ellis Stanley (City of Los Angeles Emergency Preparedness Dept.) and Prof. Tom Jordan (Southern California Earthquake Center, USC).

Presented by Mark Benthien, Director of Communication, Education and Outreach, Southern California Earthquake Center, an NSF/USGS Center
