

# The Orange County Chapter Presents Living on Shaking Ground

## 2010 Earthquakes and ShakeOut Drill Updates

The ground has been shaking all around our globe; Haiti, Chili, and Baja. Margaret Vinci will share information regarding these specific earthquakes and provide an update on this year's Great California ShakeOut campaign on October 21 and conducting a drill at your business location.

**Margaret Vinci, Cal Tech, Office of Earthquake Programs**

# Auditors are Knocking on Your Door; Is Your BC Program Ready?

In this economic climate, how can you stay ahead of Title IX as well as external auditors? How can you prepare prior to audit? And, can you use the same audit to meet some or all audit requirements? Learn more through an interactive session with handouts to be discussed: BCM audit process, audit forms and final audit report with scorecard.

DeBorah Lozada will introduce an audit process for Business Continuity Management that helps you prepare for Title IX and for external auditors.

**DeBorah Lozada, President, A Business Continuity by Design, Inc.**

## ACP Meeting Sponsor
