

acp The Orange County Chapter Presents

# LA County Influenza Pandemic Preparedness Measures & Methods

A dynamic overview of the planning efforts undertaken by the LA County Department of Public Health (LACDPH) to include:

- LACDPH pandemic planning approach and background;
- Pandemic preparedness projects;
- H1N1 response activities and lessons learned; and
- Future planning efforts for LACDPH.

Sadina Reynaldo, Ph.D., Deputy Director, Pandemic Influenza Unit,  
Los Angeles County Department of Public Health

## Enhancing Private Sector Preparedness Levels

Participants will be introduced to the Orange County Health Care Agency process to prepare OC cities and businesses to plan for and respond to a public health emergency. Keith and Nicole will focus on the pandemic preparedness planning activities currently underway, available planning materials, and methods the Health Care Agency has developed to prepare for mass dispensing or vaccination response capabilities. They will also cover preparedness methods that individuals and businesses can take now to aid in this response effort.

Keith Olenslager, MPH and Nicole McCarty, MPH

Health Disaster Management Division, Orange County Health Care Agency

ACP Meeting Sponsor

Founded in 1982, DCC is the pioneer and established leader in critical communications technology. Kymberli Fieux, Western Region Acct Mgr, will share how DCC notification technology and strategies can benefit any company confronted with health threats.

# Wednesday, August 12, 2009
