

acp The Orange County Chapter Presents

Workplace Violence What would you do if...?

Workplace violence is creeping into everyone's lexicon. But what is its nature and statistics? This month's meeting will have two parts:

Tony and Keith will give an overview of Workplace violence in America, discuss some statistics, the five types of WPV, best practices related to a WPV program, and how to integrate WPV into your emergency response, crisis management, and business continuity programs.

Next, all the meeting participants will be broken up into teams representing imaginary companies for some hands on experience. The presenters will facilitate a series of WPV scenarios drawn from real life scenarios that Marsh has assisted its clients through. Each team is to respond accordingly then have a group discussion regarding options and outcomes.

Tony Adame, Sr. VP & Keith Gregorio, VP, Marsh Risk Consulting

Wednesday, September 8, 2010

Noon to 3:00 PM
