

acp The Orange County Chapter Presents

Trends & Impacts Roundtable

We learn best when we learn from each other--so, let's talk and share what we know! This will be a facilitated Roundtable to discuss the following topics:

- H1N1 Influenza Pandemic
- So. Cal Wildfires
- Annual Hurricane Season
- Impact of current economy
- Presidential Directives
- National Preparedness Month

A Business Case for BCM Software Trends, Costs, and Risks

Efficient and comprehensive enterprise Business Continuity programs require a complete, seamless approach to managing risk, continuity, and programs throughout the organization. Surprisingly, despite the many benefits, organizations often fail to use BCM software. Chris will present the principles of effective BCM planning, the benefits of BCM tools, and what to look for in a BCM software program.

Chris Alvord, CEO, COOP Systems, Inc.

ACP Meeting Sponsor

Formed in 2002, COOP Systems is a leading provider of Business Continuity software for the global enterprise. COOP Systems empowers some of the world's largest organizations by unifying all the Professional Practices, including BIA/Risk, Planning, Incident Command and Notification processes
