

**acp Orange County Chapter Presents**

# The Failure of Risk Management

## The Good, The Bad, The Ugly

Over the past decade, less than one-third of projects have been deemed successful, according to KPMG and Standish estimates. The remaining 70% or more of projects failed to meet time, cost, and quality goals. And, in 2009, 24% of projects failed completely, either being cancelled outright or delivered but never used. Why? One root cause is poor practices in commercial risk management.

**Zacharias J. Beckman, President & CEO, Hyrax International LLC**

## The Second Part of the Program to Be Determined

The ACP-OC Board is working to identify a presenter and topic.

### ACP Meeting Sponsors:

**Agility Recovery**  
Prepare to Survive

Agility Recovery Solutions is a former division of GE with 21 years disaster recovery and business continuity experience. We are dedicated to creating and delivering innovative business continuity solutions that challenge the traditional industry barriers of scale, cost and complexity. As such, we provide comprehensive, packaged recovery solutions, consulting services and testing options to businesses across the United States and Canada.
