Member Bio:

1. How long have you been a Business Continuity or Disaster Recovery professional?

8 years.

2. Who are you currently employed with and what is your current title and role? If unemployed, please reference most recent.

Hewlett-Packard, Program Manager Disaster Recovery

3. What attracted you to the Business Continuity or Disaster Recovery industry?

The industry interested me as it directly affects people's lives. If a company can stay in business after an event, it means people still have jobs and can continue to provide for their families.

Yes.

5. Do you have a business continuity slogan or mission statement?

Nope.

6. Provide any personal information you would like to share.

Currently a CBCP consultant for HP, and Reserve Sgt. for OC Sheriff's Dept. Search & Rescue for 17 years.

Thank you for taking the time to complete the Member Spotlight questionnaire. The ACP Orange County membership Director will introduce you to the members at the **April 13, day, 2011** chapter meeting and the article will be published in the next Newsletter.
